

ALABAMA SCHOOL OF CYBER TECHNOLOGY AND ENGINEERING

Photo and Video Release Form

By acknowledging the Photo and Video Release Form via the PowerSchool Enrollment Portal, the parent/guardian gives permission to the Alabama School of Cyber Technology and Engineering (ASCTE) to publish photos/videos of their child on the ASCTE website, social media, and other materials that promote the goals and objectives of ASCTE.

The Family Educational Rights and Privacy Act (FERPA) allows the use of “limited directory information” such as student name and grade for the following purposes:

- Official publications such as the school yearbook; ASCTE promotional materials, or on the ASCTE website and Social Media.
- Authorized media interviews and coverage.

By granting this permission, the guardian understands that ASCTE may use photos/images/videos of their child for purposes such as celebrating achievements and publicizing education events.

In order to rescind this agreement, the parent/guardian may do so at any time by sending a letter to the Dean of Students, who will immediately notify the respective individuals. The requested rescission will take effect upon the school’s receipt of the notification.
